Weekly Update and Information

Hi All

I hope you are well, have had a positive week and are enjoying the sunshine!

We have had a great week and all assessments have been completed now. The children have worked hard and should be proud of themselves.

Today is Mrs D'Oyley's last day as she goes on maternity leave. This is two weeks earlier than planned but if baby has plans for an early arrival then so be it! We wish Mrs D'Oyley, her new baby and family all the best and we look forward to meeting the baby and having updates and photographs. Mrs D'Oyley is planning on returning to Eureka after her maternity leave.

Next Wednesday, 25th June, it is Adventurers' class assembly. This is at 9.00am, in the hall. Adults for the children in Adventurers are invited to join us, two adults per child please.

Next Thursday, 26th June, it is Investigators' music performance. This is at 9.00am, in the hall. Adults for children in Investigators are invited to join us, two adults per child please.

We are delighted to inform you that, finally, the new build is happening! There will be a new block of three classrooms. This is going to be on the playground where the parent shelter is onto the top playground. We will also have a new playground space and some additional spaces in the car park. Hopefully this will start before we break up for the summer or in the holidays. Through the autumn term there will be the build, contractors on site, playgrounds cordoned off and lots of noise. We will work to ensure that all of this keeps the impact on the school day, environment and learning to a minimum. You will receive updates and information as we go through the build.

Have a great weekend, enjoy the sunshine, stay safe and look after yourselves. We look forward to seeing you on Monday, at 8.45am.

Kind regards, Miss Hurt
