## Weekly Update and Information

Hi All

I hope you have had a great week and you are good.

School has been positive this week with lots of good things but a few of the children have also been falling out at lunchtimes, outside of school or online, affecting many. It has been very hot, we are all tired and getting to the end of term, ready for a break and to move up and on in school so some of it is understandable. However, school is usually a calm, settled place where the vast majority get on well and look after each other, with the occasional issues here and there. We would really like to be kind to one another and enjoy the last couple of weeks we have left of this academic year, especially with the events we have coming up such as sports day and the family picnic. We don't want these things to be spoilt if people are not getting on or feeling uncomfortable.

The RSHE teaching and learning has been really positive. This year, we have updated the planning and added in and used new resources, which have worked well. The cinema pyjama evening last night was enjoyed by all. Classrooms looked very cosy with all the children in their pyjamas and slippers.

It is Investigators' class assembly next Wednesday, 9<sup>th</sup> July, 9.00am in the hall. This is open to parents / carers of children in Investigators, two per child please.

On the afternoon of Wednesday, 9<sup>th</sup> July, it is Adventurers and Thinkers parent afternoon, 2.30 – 3.10pm.

Your child's annual school report is coming home next Friday, 11<sup>th</sup> July. There is opportunity to pop into school after 3.15pm on Monday 14<sup>th</sup> July if there is anything you wish to discuss with your child's class teacher.

[Derby Music Centre](#) is offering a FREE term for any new members who come along to join in a music-making group. This is the invitation link <https://www.derbymusiccentre.com/post/come-and-join-dmc> to participate in these wonderful enrichment opportunities. These opportunities are available to all children including those who do not play an instrument. For those in South Derbyshire, SDMC (South Derbyshire Music Centre) <https://www.southderbyshiremusic.org/> has lots going on for players and singers and new members are welcome at any time.

Have a wonderful weekend and look after yourselves. We look forward to seeing you on Monday, at 8.45am.

Kind regards, Miss Hurt
